Dear Friends:

The Official Election Returns book is issued every two years (each election year). After the primary election there is a Primary Elections Returns Book issued which contains the primary election returns and after the general election there is a General Elections Returns book issued which contains a reproduction of the primary election returns, and the general election returns.

The format and content of past election books underwent very little change over the years. In the past the first section of the Election Returns book contained an unofficial, unaudited listing of voter information prepared by the Secretary of State's office. This unofficial information did not have adequate voter registration information to be of much assistance, and did not contain any information on voter registration by office. Thus, it was extremely difficult, if not impossible, to determine voter turn-out by office. It was also difficult and time consuming to calculate the percentage votes cast for the major state offices and the net difference between the votes of winners and losers.

As Secretary of State I know how important it is to candidates, the media and persons analyzing voter trends to have complete voter registration and election information available in the Election Returns book. In order to provide the public with more information I developed several additional reports and a greater in-depth analysis of voter registration. I have included some of this information in this year's expanded Election Returns book. The additions and changes are discussed below.

For the first time the Secretary of State's office has developed an extensive Voter Registration Report which continues to list voter registration by party by county, but expands the report to include the voter registration listing by party by precinct; by Congressional District; by Legislative District and within the legislative district by county for multi-county districts; by judicial district; by state school board district; and, for the counties of Bernalillo, Dona Ana and San Juan by County Commission District. A copy of this report is included in the first section of general election results.

For the first time our office has provided the number of registered voters for each elected office, and the percentage of voter turn-out for each office for each county. In addition, the Secretary of State's office has been able to calculate and include a listing of the percentage of votes cast for each candidate in all major races.

The information contained in this book was first issued ten hours after the polls closed on election evening. After the canvass and the official election results were audited and certified, these reports were again updated to insure accuracy. Thus, many persons interested in the election returns have already been able to make use of this election information.

In the 1984 general election, Cibola County used only the electronic (computerized) voting machines while Curry and San Juan Counties used the machines in some of their precincts. With the introduction and approval by the Secretary of State of the Shouptronic Voting Machine in the State of New Mexico, the Official Election Returns will soon be printed from computerized data.

EXPLANATION OF DETAILED PRECINCT REPORT

Using this report one can determine the proper precincts in which each office holder must run. This is particularly important in the New Mexico Senate and House of Representative districts since the district boundaries have been established using precinct boundaries.

The absentee voting precincts have been listed in order to track the precincts in which votes are tabulated. However, the designation "None" appears in the appropriate columns showing voter registration to denote that voters do not register by absentee voting precinct.

ABBREVIATION	DESCRIPTION
AV PCT	The letter "A" in this column denotes that the precinct is an absentee precinct required by state law.
CON PCT	The letter "C" in this column denotes it is an absentee precinct which has been consolidated for election purposes. The "#" denotes the absentee precincts which have been consolidated to the same consolidated absentee precinct.
STD PCT	The letter "S" in this column denotes that the precinct is a standard voting precinct at which the voter votes in person.
CTY	The abbreviation "CTY" denotes the County in which the precinct is located. For example, the four letters "BERN" stand for Bernalillo county and "SANT" stands for Santa Fe county.
PCT	The number in this column indicates the precinct number for the particular precinct.
CNG	The abbreviation "CNG" stands for Congressional and the number in the column stands for the Congressional District number. For example, the five letters and number "CNG01" stand for the First Congressional District.
SEN	The abbreviation "SEN" stands for the New Mexico Senate and the number stands for the Senatorial District number. For example, the five letters and number "SEN01" stands for New Mexico Senatorial District 1.

This situation exists only in the Counties of Bernalillo, Dona Ana and San Juan where the county has been districted and the candidates run by district.

na The abbreviation "na" is used to denote not applicable. This is used to show that there is no office holder running in the precinct.

Write-In Candidate Slide

WRITE-IN CANDIDATE. To write in the name of a "declared" write-in candidate, lift up the write-in slide cover bearing the numeral corresponding to the designated office and write-in the name of the declined write-in candidate. Once a voter lifts a write-in slide, however, he cannot change his mind and use a candidate pointer in that office. This prevents overvoting.

Muesca de Candidato Write-In

CANDIDATO WRITE-IN (no en la lista): Para escribir el nombre de un candidato "declarado" write-in (no en la lista) levante la lamina write-in (no en la lista) que tiene el numero correspondiente al puesto designado y escriba el nombre del candidato declarado write-in (no en la lista). Una vez que el votante levanta la lamina write-in (no en la lista), no obstante, el no puede cambiar de opinion y usar un indicador de candidato en ese puesto. Esto previene el votar otra vez.

State Canvassing Board
State Capitol
Santa Fe, New Mexico

We have examined the summary reflecting the results of the General Election held November 6, 1984, for all statewide races, district legislative contests for the New Mexico Senate and House of Representatives, the races for district judgeships and the State Board of Education races, as well as the results of proposed Constitutional Amendment Number 1 and the Educational Bond Act. We have also examined the related county summaries of these contests submitted to the Secretary of State by the various County Clerks.

We have applied certain procedures, as discussed below, to the State Summary reflecting results of the General Election held November 6, 1984, solely to assist you in your certification of election results. The procedures were as follows:

1] We performed mathematical accuracy tests of selected precincts and county summaries and of the State Summary.

2] We performed tests for accuracy in transferring totals from voting machine tabulations and lists of write-in votes to precinct totals, from precinct totals to county summaries and from county summaries to the State Summary.

In performing the preceding procedures, any discrepancies noted were corrected by the County Clerks and State Bureau of Elections personnel.

In connection with our performance of the procedures referred to above, no matters came to our attention that caused us to believe that the final State Summary should be adjusted. However, we make no representations as to the sufficiency of such procedures for your purposes.

State Canvassing Board

Santa Fe, New Mexico

We have examined the summary reflecting the results of the Primary Election held June 5, 1984, for all statewide races, district legislative contests for the New Mexico Senate and House of Representatives, the races for district judgeships, district attorneys and the State Board of Education. We have also examined the related county summaries of these contests submitted to the Secretary of State by the various County Clerks.

We have applied certain procedures, as discussed below, to the State Summary reflecting results of the Primary Election held June 5, 1984, solely to assist you in your certification of election results. The procedures were as follows:

1] We performed mathematical accuracy tests of selected precincts and county summaries and of the State Summary.

2] We performed tests for accuracy in transferring totals from voting machine tabulations and lists of write-in votes to precinct totals, from precinct totals to county summaries and from county summaries to the State Summary.

In performing the preceding procedures, any discrepancies noted were corrected by the County Clerks and State Bureau of Elections personnel.

In connection with our performance of the procedures referred to above, no matters came to our attention that caused us to believe that the State Summary should be adjusted. However, we make no representations as to the sufficiency of such procedures for your purposes.

INSTRUCTIONS TO VOTER

1. **Move the RED HANDLE completely to the RIGHT.** This closes the curtain and unlocks the machine for voting.
2. **Turn down a voting pointer over each candidate's name you wish to vote for from this position** (Name of CANDIDATE) **to this position** (X CANDIDATE).

   IMPORTANT: You can make as many changes as you desire while the RED HANDLE is to the RIGHT. The machine is arranged so you cannot turn down more than the proper number of voting pointers for each office, so you cannot spoil your ballot by voting for too many candidates. To make a change simply push the pointer back up and make another selection.
3. **Once you have made your selections, LEAVE THE POINTERS DOWN and move the RED HANDLE completely to the LEFT.** This records your vote, clears the machine, and then opens the curtain. No one outside the machine can tell how you have voted.

   YOU MUST NOT LOITER. Each voter in New Mexico is allowed a maximum of three and one-half (3½) minutes in which to vote. Vote promptly and leave the machine so the voter following you may have his turn.

INSTRUCCIONES PARA VOTAR

1. **Mueva la PALANCA ROJA completamente a la DERECHA. Esta cierra la cortina y abre la máquina para votar.**
2. **Baje el indicador de votar sobre cada nombre del candidato por el cual usted desea votar** por esta posición (Nombre de CANDIDATO) **a esta posición** (X CANDIDATO).

   IMPORTANTE: Usted puede hacer cuantos cambios como usted desea mientras la PALANCA ROJA esta a la derecha. La máquina está arreglada para que usted no pueda bajar la palanca más que en el número apropiado de los indicadores de votar para cada puesto, para que así usted no pueda echar a perder su boleta al votar por muchos candidates. Para hacer un cambio simplemente empuje el indicador otra vez para arriba y haga otra selección.
3. **Una vez que usted haga sus selecciones, DEJE LOS INDICADORES ABAJO y mueva la PALANCA ROJA completamente a la IZQUIERDA.** Esto registra su voto, limpia la máquina, y entonces abre las cortinas. Nadie fuera de la máquina se da cuenta como usted voto.

   NO DEBE PERDER TIEMPO. Todo votante en Nuevo México se le permite un máximo de tres y medio (3½) minutos para poder votar. Vote prontamente y deje la máquina para que así el votante que le sigue pueda tener su turno.

SAMPLE SPECIAL PRIMARY ELECTION BALLOT

Election Held September 18, 1984

Democratic Party

Sandoval County, New Mexico

Instructions to Voters

1. When you receive your ballot, retire to the area set aside for marking such ballots.
2. Only one (1) person at a time may occupy the area set aside for marking ballots.
3. A voter may not occupy the area set aside for marking ballots for more than five (5) minutes.
4. Secretly mark in INK (ballpoint, ink, felt tip–not pencil) an "X" or a "V" in the square to the right of the name of the person for whom you desire to vote.

   DO NOT VOTE FOR more than one (1) candidate for an office unless the instructions on the ballot direct you to do so. The number is designated to the right of each office.

   If you wish to write in the name of a candidate, it must be that of a "declared" write-in candidate. A declared write-in candidate is one who has properly filed a declaration of candidacy prior to the election. Under each office there is space provided to write in the name of a declared write-in candidate. To vote for a declared write-in candidate, mark a cross "X" or a check "V" in the box next to the space provided and write in the NAME of the candidate. Your vote will be counted only if you write the name as follows: two initials and last name; first name, middle initial or name and last name; first and last name; or the full name as it appears on the declaration of intent to be a write-in candidate.
5. All crosses "X" or checks "V" on the ballot shall be made ONLY in INK. The cross "X" used in marking ballots shall be two (2) lines intersecting at any angle within the box. The check shall be a "V"-shaped mark with either side of the "V" being longer. The crosses or checks may extend outside the box or circle.
6. DO NOT MAKE ANY OTHER MARK OR ERASURE MARK ON YOUR BALLOT.
7. DO NOT place any mark on your ballot by which it may afterwards be identified as one voted by you.
8. Before leaving the voting area, fold your ballot so that the number on the ballot appears on the outside without disclosing the marks on its face.
9. After you have folded your ballot deliver it to the PRESIDING JUDGE. Make certain that he/she detaches the visible number from the ballot and hands it to you. The presiding judge shall then place your ballot in the locked ballot box in your presence.
10. Every voter who knowingly hands to the presiding judge two (2) or more ballots folded together is guilty of a fourth-degree felony.

State Canvassing Board
State Capital
Santa Fe, New Mexico

We have examined the summary reflecting the results of the Special Primary Election held September 18, 1984, for the district legislative contests in District 5, 6, 7, 44, 51, 52, 58, 63, 65 and 69. We have also examined the related county summaries of these contests submitted to the Secretary of State by the various County Clerks.

We have applied certain procedures, as discussed below, to the State Summary reflecting results of the Special Primary Election held September 18, 1984, solely to assist you in your certification of election results. The procedures were as follows:

1] We performed mathematical accuracy tests of selected precincts and county summaries and of the State Summary.

2] We performed tests for accuracy in transferring totals from precinct totals to county summaries and from county summaries to the State Summary.

In performing the preceding procedures, any discrepancies noted were corrected by the County Clerks and State Bureau of Elections personnel.

In connection with our performance of the procedures referred to above, no matters came to our attention that caused us to believe that the State Summary should be adjusted. However, we make no representations as to the sufficiency of such procedures for your purposes.
